

## Porkies Smoked Meats

### BRISKET

After about 12 hours smoke, our brisket is moist and tender with a deep rich mahogany bark. The flavour is complimented with our famous Porkies rub.

### PULLED PORK

We smoke our pork for over 12 hours with our signature pork rub and injection. A crusty dark outside bark is mixed with tender juice from the inside.

### RIBS

We use the best ribs we can source and smoke them for 3-4 hours. Finished on our char grill and glazed with Sagie sauce.

### CHICKEN

Our Kansas City style chicken is juicy and smokey, the only way chicken should ever be eaten! Our wings will blow your mind and keep you coming back for more!

## About Porkies

Porkies was created by John and Byron after falling in love with BBQ. Two Perth chefs both living with North American roots and passionate about all things BBQ!

John has travelled over 42,000kms driving around the United States eating BBQ every chance he could. He attended Paul Kirk's "Pitmaster College" to now have a Bachelor of Barbeque Science B.S.

In 2014 at the World Championships in Kansas, John became a qualified KCBS (Kansas City BBQ Society) judge.

The Porkies world class smoker "Ole Hickory" comes from Cape Girardeau Missouri and was made right on the banks of the Mississippi River. All meats are locally sourced and smoked with Australian hard woods. With endless testing, 3 signature sauces have been designed in-house to compliment Porkies' barbeque loving rubs.

So stop and get yourself sticky fingered and licking your lips!
